If you find it inappropriate or wish for it to be removed, kindly contact us, and we will promptly take it down. Thank you for your understanding and cooperation!

All sorted now, yes mine are 3/8" BSW. Took a very fine cut with the die on the stainless socket head set screws I'm using and was able to sort out the damaged threads on one of the adjusters. On the other adjuster the tap binds after 4 threads and is very difficult to remove, set screw is not a tight fit so all OK.

If you're going to wholesale Angle Adjusters, need OEM service for own brand, or need customized design for welding table,welcome to get a quotation from our factory. 8613755010570 sales@himalayaltd

Offered in different sizes and other specifications, this Welding Table Angle Adjuster is offered to our customer at market leading prices. Special Key Features: Unmatched performance; Easy to operate ; Sturdy construction; ...

The invention discloses a welding fixture for an automobile seat angle adjuster. The welding fixture comprises a base, wherein a connecting plate clamp and a core part clamp are ...
