

## Are there any prefabricated solar power electrical cabins

Depends on your usage. If your looking for a weekend getaway, you could likely get away with a small battery bank than if your living there year round. I recommend doing a load calc, max power draw, and there are solar calculations (I think sunwise has some article published online) that will help you size the system.

The Rockwood prefab cabin from Zook Cabins is another modern option for those looking for prefab cabin kits. It is your tiny luxury home with a starting price of \$132,500. The prefab cabin comes pre-assembled and ready to deliver at your desired location. The prefab cabin kit offers 400 sq ft of living space.
