

As both a forum and an expo, the Asian Battery Conference and Exhibition continues to be Asia's #1 lead battery event.

The event takes place June 21-23 at the Grand Hyatt Hotel in Athens. For more details and to register for the event visit:

For more than 25 years, the Consortium has delivered cutting-edge research taking lead batteries to a new level. With an expert panel made up of the world's leading battery manufacturers and research specialists, the Consortium is setting the standard for advanced lead batteries and the next generation of energy storage.

To become a credible national battery industry alliance in developing a competitive and sustainable battery industry ecosystem. Sustainable business and investment climate : A business climate that is not only beneficial for the economy but also the environment and people's lives. An attractive investment climate is also necessary for the industry.

After a four-year break, Pb2023 the International Lead Conference is back in person, taking place in the Greek capital, Athens, June 21-23.

This year the Pb2023 programme includes the latest market trends and forecasts from world-renowned industry experts, a workplace lead exposure management workshop, ...

As the leading European association for advanced rechargeable batteries covering all battery chemistries, EUROBAT brings together the battery value chain to drive innovation and ...
