

Does Valpak offer free battery collection boxes?

We provide free battery collection boxes Valpak's battery collection service is completely free to all businesses and organisations within the UK. Our Battery Collection service is free of charge to all businesses and organisations within the UK.

Are battery recycling boxes free?

This is also free. Companies based in the UK can request one of our free battery recycling boxes, which have been designed to store alkaline (AA, AAA, etc) batteries. Please note that lithium primary batteries and button cells should only be collected as part of this mix in the battery recycling boxes.

What is a battery collection service?

Our Battery Collection service is free of charge to all businesses and organisations within the UK. Once you have completed our online form, we will organise for battery boxes to be delivered to your business sites, so your staff can deposit household portable batteries (such as AAs and AAAs) for recycling while at work.

What do I do if my battery box is full?

Once your battery box is full, all you need to do is let us know by calling 03450 682 572 and we will arrange for the box to be emptied. Our nominated service provider will collect the waste batteries and either return the box or replace it if it is damaged. This is also free.
