Whether you have a great many batteries or just a few, large or small, the Batteryguard cabinet offers a solution for every situation. We offer compact models that charge 2 to 10 batteries and a spacious double-door safe where you can store up to 20 batteries.

The cabinets can be stacked on each other to save storage space. Please note: These cabinets are vastly different from single-walled steel cabinets as they are manufactured to the standard EN 1363-1 and have been tested to withstand an internal fire for longer than 60 minutes. All cabinets include warning labels and safety instructions.

Lithium Battery Charging Cabinet Basic supplied with four socket power strip (3500 W, 16 A) featuring safety devices, ensuring fire risks are reduced to a minimum. Two battery-powered acoustic smoke detectors, power supply in cabinet. STOCK ITEM - FREE UK mainland delivery 3-4 weeks (excluding Highlands & Islands)
