

Do I need a battery for a 24V power supply unit?

We stock a range of batteries by Yuasa; for 24V DC power supply units, you will require two 12V DC batteries. We also supply 24V DC, 12, and 4 amp transformer rectifiers which are the best types of power supply units to use with electromagnetic door holders and electromagnetic door closers as these types of products do not require battery backup.

What batteries are available for critical power supplies?
