

Remove one of the NIU communication cards from the slot. Check the system alarm messages on the operator station. Note: Use a proper star(+) screwdriver to remove the NIU card. ...

The capacity and configuration of battery swap cabinets vary depending on the actual usage scenarios. For instance, in the food delivery and courier industry, where electric two-wheelers are frequently used and demand for battery swaps is concentrated, it is recommended to choose cabinets with larger capacities, such as 12-slot, 15-slot, or more, to ensure swap efficiency ...
