SOLAR PRO. Battery prices in Vietnam

How big is the Vietnam battery market?

The Vietnam Battery Market is expected to reach USD 348.61 millionin 2025 and grow at a CAGR of 6.83% to reach USD 485.07 million by 2030. Vision Group, PINACO, GS Battery Vietnam Co. Ltd, Leoch Battery Corporation and Heng Li (Vietnam) Battery Technology Co. Ltd are the major companies operating in this market.

How competitive is the battery market in Vietnam?

The Vietnam battery market is competitive, with both domestic and international players competing for market share. Key battery manufacturers, suppliers, and distributors operate in the market, offering a wide range of battery technologies and solutions.

What are the different types of battery in Vietnam?

The Vietnam battery market encompasses different battery types,including lithium-ion,lead-acid,nickel-cadmium,and others. Executive Summary The Vietnam battery market is witnessing substantial growth due to the increasing demand for portable power solutions in the country.

What is the future outlook for the Vietnam battery market?

The future outlook for the Vietnam battery market is positive, with continued growth expected. The market will be driven by factors such as the expanding consumer electronics market, the shift towards renewable energy sources, and the increasing adoption of electric vehicles.

Who are the key players in the Vietnamese battery market?

The Vietnamese battery market is semi-consolidated. Some of the key players in the market (in no particular order) include Vision Group, PINACO, GS Battery Vietnam Co. Ltd, Heng Li (Vietnam) Battery Technology Co. Ltd, and Leoch Battery Corporation. Need More Details on Market Players and Competiters?

What are the key factors affecting the Vietnam battery market?

The Vietnam battery market is characterized by intense competition among domestic and international battery manufacturers, as well as suppliers of battery components and materials. Technological advancements, product innovation, price competitiveness, and customer service are key factors that drive the market's dynamics.

Additionally, the declining battery prices and increasing penetration of electric vehicles in the country would boost the industrial batteries market growth during the forecast period. ... Vietnam Industrial Batteries Market Overview, By End-User Industry. 7.1. Vietnam Industrial Batteries Market Revenues, By Telecom & Data Centers, 2016-2026F.

LFP battery prices remained stable, while prices for ternary batteries saw a slight decline. The energy storage systems (ESS) market maintained strong seasonal demand, with an increase in shipments of large-capacity
