

What is Djibouti's new solar project?

The project will be the first solar Independent Power Project (IPP) in Djibouti and will be located in Grand Bara, south of Djibouti City. The solar project is being fully developed by AMEA Power under a Build-Own-Operate and Transfer (BOOT) model and will generate 55 GWh of clean energy per year, enough to reach more than 66,500 people.

Why is AMEA power supporting Djibouti?

Hussain Al Nowais, Chairman of AMEA Power, said: "AMEA Power is proud to reach this milestone and to be supporting Djibouti in its energy transition journey. East Africa is an important market for AMEA Power, as it is a region with immense potential for the development of clean, reliable, and affordable energy."

Who will take over Djibouti energy project?

The Sovereign Fund of Djibouti (FSD) will be joining the project before financial close as a minority shareholder. The off-taker for the project will be Electricité de Djibouti. The government of Djibouti aims to reduce CO₂ emissions by around 40% by 2030. Djibouti's energy landscape

How much energy does Djibouti consume?

According to USAID, Djibouti consumes 100 megawatts of electricity, but only 57 megawatts are reliably available to serve the population due to underdeveloped energy infrastructure. Much of Djibouti's remaining energy comes from its own geothermal, solar, wind and biomass sources.

What is the potential for development in the energy sector in Djibouti?

The potential for development in Djibouti's energy sector remains high. The page below gives an overview of the energy sector in Djibouti.

Who signed the PPA in Djibouti 2023?

The signing ceremony was held in Djibouti on August 27th, 2023. The PPA was signed by Mr. Djama Ali Guelleh, CEO of the national utility company, Electricité de Djibouti (EDD) and Mr. Hussain Al Nowais, Chairman of AMEA Power. The signing was witnessed by the Minister of Energy and Natural Resources, H.E. Yonis Ali Guedi.

"With [battery storage], a lot of the assets are still in the construction stage, so you see higher discount rates to reflect that," says Elliott Hardy, a research analyst at Winterflood. ... Under the Inflation Reduction Act, ...
