Our vast amount of tools and resources gives you everything you need to become a successful solar business owner. Why choose solar energy for your new business?

How can I become a solar energy business owner?

To become a solar energy business owner with Solar Grids, you don't need any technical degrees, professional licenses, or a solar energy background. All it takes is ambition and determination. Why choose Solar Grids? You will receive a territory population of 500,000, which is larger than what competitors offer (200,000 - 250,000).

Should you start a solar business?

Starting a solar business through Solar Grids offers multiple streams of income and additional cash-flow. Franchisees can earn extra money not only by selling solar or installing systems, but also by referring investors or investing themselves as a Power Partner, receiving passive monthly payments for 25 years.

Is there a better time to buy solar than present?

Recent studies show that solar is breaking records and growing more than ever, accounting for 40% of all new electric generating capacity added to the grid last year--more than any other energy source and the highest share in Solar's history. There's no better time than now to get a piece of the \$50+ billion solar market.
