Who makes BS batteries?

BS BATTERY, the first manufacturer offering the complete line of powersport Factory Activated batteries, under "SLA" product name.

Are Banshee batteries any good?

Cranks the old Harley right over with ease. This is my second Banshee battery and I have been more than happy with both batteries and the purchasing experience from Banshee. Batteries perform great and fit as described,good value for the money.

Should I buy a L-ion Banshee battery?

Being that it's basically a "Race Bike" with a license plate,the original battery that was spec'd for it really didn't work properly for regular "Street-type" use--for any desirable length of time. This L-ion Banshee Battery,on the other hand,is kind of a "game-changer". It's a perfect fit for the relatively small battery box.
