

Does Cuba need a redesigned energy sector?

Concerns over Cuba's dependence on Venezuela are translating into the need for a fundamentally redesigned energy sector and more flexibility for investors. The pandemic has accentuated Cuba's need to diversify and move from oil-generated energy to renewable sources of energy (RES).

Which Canadian companies are active in the RES sector in Cuba?

Two Canadian companies are currently active in the RES sector in Cuba. Deltro Group Ltd. from Ontario has signed a BOO (build, own and operate) contract with UNE (Unión Eléctrica) to build and run a 100 Mw solar farm and a 50 Mw Battery Energy Storage System.

Does Cuba have a domestic RES industry?

Cuba is developing a domestic RES industry, including solar panels, wind turbines, hydro turbines, poles, and boilers for use in small bioelectric plants. This strategy is expected to enable Cuba to integrate domestic products into RES projects, thus reducing import costs and energizing the economy.

A Comprehensive Guide to Cutting-Edge Battery Technologies. Solid-State Batteries: The Next Generation of Energy Storage. As the demand for high-performance, safe, and sustainable solar battery storage solutions continues to rise, researchers and industry leaders are investing in the development of advanced battery technologies.
