

How long do solar panels last?

The average lifespan of the solar panel modules is 25 years. Some models will continue to function long after 25 years. Manufacturers offer warranties of varying lengths. On average these consist of: 10-year limited product warranty (materials and labour).

Do solar panels need to be changed over 25 years?

The one component that will probably need changing over the 25-year lifespan of the panels is the inverter(which converts the DC output of a photovoltaic panel into the AC required by local and commercial power grids),which costs an average of £1000. Solar panels are exposed to dirt,debris and pollution.

Should you buy a solar panel warranty in the UK?

If you're a homeowner in the UK, consider this: Your solar panel system, without the right protection, might end up being a liability instead of an asset. By choosing a warranty that ensures the product's quality and long-term performance, you're safeguarding your investment from manufacturer defects and inevitable wear and tear over time.

How long does a solar panel's power warranty last?

Most solar panel power warranties nowadays offer linear degradation,meaning a 0.7% output loss per year. However,some manufacturers like SunPower offer a much higher output guarantee after 25 years. In the past,power warranties were stepped,guaranteeing 90% output after 10 years and 80% output after 25 years.

How long does a solar inverter last?

A good quality inverter can last upwards of 15 yearswhereas a poor quality one will only last 5,with top manufacturers claiming over 20 years usable lifespan! Acts of god aside,there are many things outside of your control that can damage your Solar Panel system. From severe hail storms to errant falling trees.

How often should solar panels be cleaned?

Solar panels are exposed to dirt,debris and pollution. For maximum efficiency,most manufacturers recommend that your PV array be cleaned about every six months. This can be done either by you or by specialist window cleaning companies which offer this service from around £25,depending on the accessibility and condition of the panels.
