

# Investment in large energy storage projects

What is the long duration energy storage Investment Support Scheme?

Long Duration Electricity Storage investment support schemewill boost investor confidence and unlock billions in funding for vital projects. The UK is a step closer to energy independence as the government launches a new scheme to help build energy storage infrastructure.

Why is long duration energy storage important?

Stephen Crosher,Chief Executive of RheEnergise Ltd said: Over the next decade,Long Duration Energy Storage can make an important contribution to the UK energy market,and indeed globally. Long Duration Energy Storage is a key to delivering the energy transition and will help strengthen the resilience and security of the UK's energy system.

What is long-duration energy storage?

Long-duration energy storage technologies store excess power for long periods to even out the supply. In March 2024,the House of Lords Science and Technology Committee said increasing the UK's long-duration energy storage capacity would support the UK's net zero plans and energy security.

What is the UK's energy storage Investment Support Scheme?

Credit: David Pimborough /Shutterstock. The government of the UK has launched a new investment support scheme aimed at bolstering the country's energy storage infrastructure. The initiative aims to encourage the development of long-duration energy storage(LDES) facilities,which have not seen significant investment in nearly four decades.

How can energy storage improve our energy resilience?

Accelerating renewables is key to boosting our energy resilience. Energy storage helps us get the full benefit of these renewables,improving efficiency and helping drive down costs in the long term.

Can new energy storage technologies boost UK energy resilience?

However,new energy storage technologies can store excess energy to be used at a later point,so the energy can be used rather than wasted - meaning we can rely even more on renewable generation rather than fossil fuels,helping boost the UK's long-term energy resilience.

Scottish Renewables, the voice of the renewable energy industry in Scotland, is calling on the UK Government to urgently deliver the measures it has promised to enable ...
