

Mobile power solar power supply always lights up

Can a portable generator be controlled by aipower app?

The portable generator can be controlled by AiPower APP. Q:What devices can be charged by the ALLPOWERS 288Wh? A:It is suitable for electronic device rated power is less than 300W and peak power is not more than 500W. Q: How do I know the working hours of my device? A: AC output:working time = 288Wh *0.85 /working power of the device.

Why is my solar iboost detecting Excess PV energy?

There may be a problem.... This message means that the clamp is detecting excess PV energy generation which the Solar iBoost(TM) is capturing and diverting to the immersion heater. The lightning LED flashes blue and the screen indicates the value in kW.

What happens if the solar iboost TM unit is overloaded?

If overload of any of the heating circuits is detected the output is disabled. Check the load of the immersion heater and supply voltage are within the Solar iBoost(TM) given specifications. The warning can be reset by power cycling the Solar iBoost+(TM) unit once any issue has been eliminated.

Why is my solar iboost+TM not receiving messages?

Replace the 2x AA batteries and we recommend that the Sender be installed vertically rather than flat. Do not use rechargeable batteries. The unit is no longer receiving messages from the Sender unit. Possible causes: Solar iBoost+(TM) is positioned too far or too near to the Sender.

Why is my solar iboost+TM positioned too far?

Solar iBoost+(TM) is positioned too far or too near to the Sender. Sender unit pairing button may have been pressed inadvertently outside of the pairing process. Re-pair the Sender and Main Unit following these instructions. Pairing the sender The Solar iBoost+(TM) checks for overload at initialisation and during normal operation.

How do I contact Marlec about my solar iboost+TM?

Shut down the power supply to the Solar iBoost+(TM) and contact an electrician to inspect the system. This guidance should be provided to the electrician. Click "No" at the bottom of this page and continue to complete the forms to contact Marlec. One of our advisors will be in touch.
