

Does the warranty cover GivEnergy battery storage?

In a nutshell, the warranty covers any GivEnergy residential battery storage system installed from 11/09/2023 - no matter which specific battery and inverter model are fitted. What products does the warranty not cover? Different warranties apply for: Please see product datasheets or refer to any existing warranty documents for details.

Does GivEnergy come with a warranty?

Every GivEnergy residential battery storage system will now come with a 12 year warranty.

How can GivEnergy provide full coverage of the warranty period?

7. In order to provide the full coverage of the Warranty Period, the Supplier requires the system to be fully commissioned through GivEnergy Software Limited's portal or app in line with the Supplier's installation processes.

Should I use a credit card for my new energy system?

It should also be fit for purpose and free from minor defects. Many equipment manufacturers offer a 2 year warranty for parts and sometimes labour, from the date of installation. Deposit Protection If you are asked for a deposit for your new energy system, then using a credit card can provide extra financial protection.

When does a warranty apply?

Warranties apply once the system has been fully commissioned. (I.e., not purchased, not installed, but commissioned.) So, commissioning photos should be sent through, accounts created, etc. Please note: every system must be commissioned within 30 days of installation.

Will a 12 year warranty be honoured?

All existing extended warranties will be honoured. Moving forward though, the 12 year warranty does away with extended warranties - so we won't be looking to continue offering those out as of 11/09/2023.
