

Are generic batteries better than expensive batteries?

So, in different cases, you may be paying almost the same or slightly more for cheap generic batteries compared to expensive ones. In short term, generic batteries are way more cost-effective than name brands. But in the long term, batteries from reputed brands will always have the upper hand.

Should you buy a brand or a generic battery?

As long as the batteries are cheap, these generic brands are interested in reselling them. Regarding shelf life, leakage issue, and self-discharge rate, it is obvious that name-brand batteries are better. The shelf life of expensive batteries is better because they can hold the charge for a long time.

Where can I buy high quality car batteries?

The Battery Guys have a wide range of high quality car batteries available at great prices and next day delivery.

How do I calculate the average price of 399 car batteries?
