

What is a portable container office?

Portable office containers are practical mobile space solutions that, depending on the model, create extra space for working, learning or living over a short or long period of time. The container can be customised according to your individual wishes and requirements. What does a portable container office weigh?

Do you offer a secure container office?

Our secure container offices are available as new or used (refurbished) nationwide. We can place partitions inside of the container to create separate areas, and can offer extra heaters, power points and lighting where you need them. We also supply site canteens, drying rooms, mess rooms, site storage, welfare units, toilets and showers.

What can we do with a storage container?

We can place partitions inside of the container to create separate areas, and can offer extra heaters, power points and lighting where you need them. We also supply site canteens, drying rooms, mess rooms, site storage, welfare units, toilets and showers. We can create standalone units, or combine them.

What is a container office?

Our container offices provide secure, cost-effective, and portable workspace solutions, tailored to meet a variety of business needs. Whether you require short-term hire or a permanent solution, these units combine safety, comfort, and functionality.

Can I rent or buy a portable office container?

At CONTAINEX you can buy, lease and even rent portable office containers. If you only need a portable office container for a fixed period of time, we recommend our portable office containers for rent.

What are site office containers?

Our site office containers are anti-vandal, secure and portable. Such units are commonly used on construction sites, the roadside, and as additional or temporary offices and classrooms.
