Selling solar panels in store is one of their biggest gambles in recent times. To do this they have teamed up with SolarCentury. How it works is that IKEA will have a sales team available in each store and the panels will be installed by the solar company within a six-week period of signing a contract. IKEA did initially have a trial period ...

It is Ikea's second attempt at selling solar panels in the UK; over the course of 2013-14 it had sold panels in its 17 stores but decided to end the contract with its previous supplier, Hanergy ...
